

19 Sept 77

May we have an 8x10 AUTOGRAPHED picture of you in your uniform for our Free Military Museum? So far, we have over a 1,000 and 82 of are Congressional Medal Of Honor recipients. We would be very pleased to add you to the growing list of people of military fame and history who are helping us commemorate the many wars and conflicts that United States has been involved in. By Military Museum we mean we have something from all branches of the service — medals, ribbons, crests, wings, shoulder patches, books, a few weapons, uniforms. The oldest uniform is an 1898 Spanish-American War type, to the present type of Army, Navy, Marine, Coast Guard and Air Force. The insignia board is headed up with the General Of The Army insignia, donated by General Omar N. Bradley.
